LESLIE TRICOCHE

121 rue Faider, 1050 Ixelles (Belgique)
Mobile: (+33) 06.68.46.81.85 / (+32) 04.55.13.17.19
EMail: leslie.tricoche@ugent.be
Website: https://www.researchgate.net/profile/Leslie-Tricoche
ORCID: https://orcid.org/0009-0004-2760-440X
Date of birth: 22.02.94 (30 years)

DEGREES & RESEARCH ACTIVITIES

2024-2025 (in progress): Post-doctoral researcher on « ECOSOC: Does being pro-ecological equate to being pro-social? A fundamental, developmental, interventional and cross-societal/cross-cultural approach », Ghent University, Ghent, Belgium, within the Moral & Social Brain Lab - Department of Experimental Psychology / Collaborator: E.Caspar

2022-2024: Post-doctoral researcher on « The modulation of (im)moral decision-making according to the received orders and their subjacent neural bases », Ghent University, Ghent, Belgium, within the Moral & Social Brain Lab - Department of Experimental Psychology / Supervisor: E.Caspar

2018-2022: PhD in Neurosciences on « Neural bases of Social Facilitation/Inhibition in children and adults: Why does the mere presence of a peer modulates our cognitive performance? », Claude Bernard University, Lyon, France, within Impact Team (CRNL) / Supervisors: D.Pelisson and M.Meunier

2018: Ranked 1st at the competition for doctoral fellowship of the Neurosciences and Cognition doctoral school (NSCo ED), Claude Bernard University, Lyon, France

2017-2018: Master 2 in Fundamental and clinic neurosciences, Claude Bernard University, Lyon, France

2016-2017: Master 1 in Neurosciences, Claude Bernard University, Lyon, France

2015-2016: **University Degree in Biology,** option Molecular, Cellular & Physiology Biology, University of Bordeaux, France

2012-2015: **University Degree in MIASHS** (mathematics and informatics applied to the humans and social sciences) – option cognitive sciences, University of Bordeaux, France

MEETINGS

- Belgian Association for Psychological Sciences (BAPS) international meeting (Brussels-Belgium, **2024 – Talk**)
- European Society for Cognitive and Affective Neuroscience (ESCAN) international meeting (Ghent-Belgium, **2024 – Talk**)
- Society for Social Neuroscience (S4SN) international meeting (Tsukuba-Japan, **2024 – Poster**)
- NeuroCog international meeting (Brussels-Belgium, **2023 – Poster**)
- NeuroFrance international meeting (Marseille-France, **2019 & 2023 – Poster**)
- British Association for Cognitive Neuroscience (BACN) international meeting (Birmingham-UK, **2022 – Datablitz & Poster**)
- Society for Social Neuroscience (S4SN) international meeting in virtual (Texas-USA, **2022 – Preregistered talk**)
- GDR Vision international meeting (Lille-France, **2021 – Poster**)
- Society For Neuroscience (SFN) international meeting (Chicago-USA, **2019 – Poster**)
- « Brain to light » french meeting (Paris-France, **2019**)
- Scientific meeting of the SFR health (Lyon-France, **2018**)
- Cognitive science meeting (Paris-France, each year **since 2013**)

TEACHING & MONITORING

2023-2024: Lecture course - teaching intervention (2x2h, introduction to psychology – risky decision-making and deviant behavior – L1 Law students – Université Libre de Bruxelles)

2022-2024: Assessor (thesis correction and oral defense jury, 13 students in Theoretical and Experimental Pychology or Clinical Psychology or Educational Science – Ghent University)

2021-2022: Teaching contract (66h, neuroscience courses – Master in physical therapy with students having visual impairment – IFMKDV Université de Lyon)

2018-2021: **Teaching contract** (64h/year with mathematics/statistics (using Jasp software), informatics and neuroplasticity courses – undergraduate paramedical students – Université de Lyon)

2019-2025: **Internship supervision** (12 Master students, 7 undergraduate students)

TRAININGS & CERTIFICATIONS

2024: Academic qualifications for a French permanent position as a Lecturer: 1) Neurosciences (n°24269365208), 2) Psychology and Ergonomics (n°24216365208)

2024: Certification to monitor 3.0T Siemens trio scanners (Brussels-Belgium)

2021: Certification to monitor 3.0T Magnetom Prisma scanners (Lyon-France)

2020-2021: Training in Advanced statistics using R (43h, Lyon-France)

2020-2021: Training in Advanced statistics using R (43h, Lyon-France)

2020: **Training in "Attention can be learned"** for implementation in children's schools (15h, Lyon-France)

2020: Training in Good clinical practices, first aid actions & handling of fire extinguishers (Lyon-France)

2020: Training in Research ethics (15h, Lyon-France)

RELEVANT OUTPUTS & ACTIVITIES

Organizing committee member of a workshop in tribute to M. Meunier, who passed away in March 2024: "Bridging non-human primate and human research: Scientific insights and ethical reflections" (Marseille-France, coming in 2025)

Resident of the NeuroNarratives project linking Science with Art (Amsterdam, ongoing, exhibition: April 2026): https://neuro-narratives.com/. Artist in collaboration: Kristina Paustian

Reviewer (Scientific Reports, npj Science of Learning)

Summer School, "Cognitive Foundations of Decision Making" (Rabat-Morocco, 2024)

Contribution to the BD InScience INSERM project Vol.2, where my PhD work was adapted into a comic book format: https://www.inserm.fr/culture-scientifique/bande-dessinee-inscience-cultive-ta-sante-avec-linserm/

Contribution to a scientific popularization project developed by collaborators of the BBL team in the CRNL: https://fb.watch/oqVKzC0Lsw/

Winter School, "MRInference" (virtual, Padova-Italy, 2021)

Elected student representative at the Center Council of the CRNL (Lyon-France, 2020-2022)
